

BMA

BODY

MASS

ANALYSIS

The BMA is a critical component of the Healing Sanctuary weight loss program and will provide both you and your healthcare provider with a valuable tool to chart your weight loss journey.

You will have monthly BMAs you need to schedule prior to your monthly provider check ins to go over your results.

The BMA Machine analyzes various components that contribute to body weight and differentiates your body composition to the following factors:

3D Body Mass Image in Real Time

Contactless/Non-Invasive

Only 35 Seconds

Estimated Daily Energy Expenditure

Actual Body Mass Index

Estimated Body Fat

Estimated Muscle and Bone Mass

Body Measurements
