

Eye Vision Defense

Indicated for Eye Health

Eye Vision Defense contains Zeaxanthin & Lutein which are important carotenoids that have antioxidant functions in the body (especially the eyes) *helping to protect against the damaging effects of free radicals and they block blue light from reaching the underlying structures in the retina. This is helpful in night vision and reducing the risk of oxidative damage which leads to macular degeneration. Other key ingredients are Beta Carotene, Vitamin C, Bilberry and Grape Extracts that work synergistically contributing to the antioxidant benefits which support body and eye health.*

Suggested Use

Take 1-2 capsules morning and evening or as directed by a qualified health professional.

Other Ingredients

Calcium, Marigold, Saffron, Bilberry, Grape, Microcrystalline Cellulose, and Gelatin Capsule.

This Formula Includes:

Vitamin A

Stimulates the production and activity of white blood cells, takes part in remodeling bone, helps maintain healthy endothelial cells, and regulates cell growth and division such as needed for reproduction. Key in improving night time vision and boosting immune system to prevent infection and clearing of acne and skin issues.

Vitamin C (ascorbic acid)

Plays a role in controlling infections and healing wounds, and is a powerful antioxidant that can neutralize harmful free radicals. It is needed to make collagen, which helps in preventing wrinkles and aging. Particularly shown to decrease cataracts and improve vision and decrease age related macular degeneration.
