

Joint Defense

Indicated for Joint Support

Joint Defense is specially formulated to maximize joint health by harnessing the benefits from all-natural glucosamine sulfate, MSM (methylsulfonylmethane), chondroitin sulfate and yucca root extract. When combined, these ingredients have the power to promote wound healing of joints, and improve joint lubrication for pain-free movement.

- Promotes optimal joint health
- Lubricates joints
- Relieves & prevents joint pain
- Improves joint mobility
- Speeds up recovery of musculoskeletal injury & surgery

Suggested Use

Take 4 capsules per day with 8 oz. of water or juice, or as directed.

Quantity: 120 Capsules.

Other Ingredients

Yucca Extract, Magnesium Stearate, Rebaudioside-A (Stevia Rebaudiana) & Gelatin Capsule.

This Formula Includes:

Glucosamine (*Glucosamine sulfate*)

Found naturally within joint cartilage, glucosamine has powerful anti-inflammatory, anti-aging, and cartilage building properties, making it wonderful for relieving disorders like arthritis and chronic back pain. Besides being a protector of the musculoskeletal system, glucosamine also improves digestive health, eases inflammatory bowel disease and leaky gut, relieves TMJ symptoms, and alleviates bone pain.

MSM (*Crateagus oxycantha*)

Has Anti-inflammatory and antioxidant effects. Sulphur, which is a major component of MSM, plays an important role in making collagen and glucosamine, both of which are vital for healthy bones and joints.

Chondroitin (*Chondroitin sulfate*)

An important structural component of cartilage that is key in allowing joints to withstand pressure. Its ability to build and rebuild connective tissue throughout the body makes it a perfect pair with glucosamine to heal injuries, recover from surgery, and naturally relieve pain in the long-run.
