

Ultra Adrenal Complex

Clinical Applications

- Combats chronic fatigue
- Improves thinking & memory
- Enhances athletic endurance
- Improves physical recovery
- Reduces inflammation
- Supports body's natural defenses
- Reduces anxiety
- Normalizes blood sugar

Discussion

This special blend combines herbs that work as adaptogens, herbal preparations that increase tolerance to mental exhaustion and enhance attention and mental endurance in situations of decreased performance. These herbs enhance physical and mental performance, stimulate the nervous system, fight depression, and improve sleep. In addition, adrenal function is normalized, stress-induced fatigue is reduced, and gastrointestinal disease, rheumatoid arthritis, and epilepsy are improved on Ultra Adrenal Complex. The following herbs also have anti-tumor effects and antioxidant properties, as well as generally increase immunity.

Ashwagandha represses pro-inflammatory gene expression, exhibits antioxidant effects in the brain, calms the central nervous system, and inhibits tumor growth.

Eleuthero contains chemicals that bind to estrogen, progesterin, mineralocorticoid, and glucocorticoid receptors. Studies have shown it reduces LDL cholesterol and improves LDL/HDL ratios. Supplementation causes a reduction of reactive oxygen species.

Ginseng significantly lowers serum glucose, regulates the central nervous system, and is associated with improvements in humoral and cell-mediated immune response. Anticancer activity has been demonstrated with the use of ginseng. Note: Ginseng has an antagonistic effect on warfarin.

Rhodiola works to protect the cardiovascular system and stimulate the central nervous system by altering levels of nor-epinephrine and serotonin. It aids in the transport of neurotransmitters in the brain to help the body adapt to stressors.

Warning: Adverse Reactions: This product should not be used by pregnant women unless otherwise directed by your physician. If anticoagulants are being used, the International Normalized Ratios (INR) should be followed closely when taking this product.

Supplement Facts:			
		Serving Size: 2 capsules	Servings Per Container: 30 or 90
Amount Per Serving	% Daily Values	Amount Per Serving	% Daily Values
Rhodiola rosea Root Extract..... 200 mg.4:1 [^]	*	Thiamin (vitamin B1)..... 25 mg	1667
Eleutherococcus senticosus Root Extract 200 mg.4:1 [^]	*	Riboflavin (vitamin B2)..... 25 mg	1470
Panax quinquefolium (ginseng) Root Extract 200 mg.4:1 [^]	*	Niacin (as niacinamide)..... 40 mg	200
Withania somnifera (ashwagandha) Root Extract 200 mg.4:1 [^]	*	Vitamin B6 (pyridoxine HCl)..... 25 mg	1250
		Folate (folic acid)..... 400 ug	100
		Vitamin B12 (cyanocobalamin)..... 100 ug	1667
		Pantothenic Acid (as d calcium pantothenate)..... 400 mg	4000

%DV are based on a 2000 calorie diet. *DV not established ^ 200 mg.4:1 extract concentrate is equivalent to 800 mg whole herb

Other Ingredients: Choline bitartrate, magnesium stearate, gelatin capsule.

Suggested Use: Take 2 capsules each morning, or as directed.
